Stand Attendant
16 February 2023

Volunteered for a day at a charity event organized
at Langara College, where assistance was provided
at a relief booth for citizens affected by the major
earthquake in Turkey in 2023.

Projects

Pawsome - Langara College, Vancouver, BC
UI/UX Designer & Project Manager
May 2023 - August 2023

Pawsome is a mobile app that gamifies fitness tracking and virtual
pet ownership.

- A significant contribution was made to creating the app's UI kit,
  laying the groundwork for its look and feel. The work gave the app
  its visual style and consistent design.
- Unique illustrations were crafted for the app, adding a splash of
  charm and enriching the user experience.
- An active effort was made to recruit and lead a design team,
  fostering a collaborative atmosphere that ultimately uplifted the
  quality of our final product.

RestaurantPro - Langara College, Vancouver, BC
UI/UX Designer & Project Manager
January 2023 - April 2023

RestaurantPro is a comprehensive application designed to manage
restaurant operations.

- Easy-to-use designs were developed to streamline task
  management and communication, making the app user-friendly
  and efficient to navigate.
- The app's design was refined through user experience research
  and testing, resulting in improved usability and an enhanced
  overall user journey based on user insights.
- Inconsistencies within our project were resolved by promoting
  open communication within the team, which led to the smoothing
  out of problems and keeping us on the path to success.

Buddy - Langara College, Vancouver, BC
UI/UX Designer & Project Manager
September 2022 - November 2022

Buddy strives to provide an easy and enjoyable experience by
enabling users to easily find and join activities that suit their interests.

- Design skills and attention to detail were employed to create
  appealing designs and error-free flows, contributing significantly to
  the project's success and user satisfaction.
- User testing surveys were conducted to gather valuable feedback,
  influencing our design choices and improving the overall user
  experience.
- As the project manager, teamwork across design and development
  was orchestrated, ensuring we stayed on course and avoided
  potential delays.
